

COLONNINA GUIDAFILA / QUEUE GUIDELINE

## String-GuideLine

La String-GuideLine è la variante classica, semplice e discreta del sistema guidafila. La colonnina a nastro o cordone assume due funzioni quella direzionale per delimitare percorsi o passerelle, e quella di sicurezza negli ambienti più eleganti quali musei, teatri, chiese, mostre, hall e showroom.

E' costituita da colonna, base bombata di grande stabilità e da una calotta superiore con 8 fori per l'aggancio facile e sicuro di moschettoni cromati lucidi per nastro e cordone di vari colori. La calotta è predisposta nella parte superiore di foro per il fissaggio di accessori come tasche piatte porta messaggio e tasche porta depliant in Plexiglas® antiurto trasparente.

Nastro e cordone disponibile nei vari colori.  
*Band and cord available in various colors*

*String-GuideLine is the classic, simple and discreet version of the guideline system.*

*The band or cord column takes two functions to mark paths or walkways both directional and for safety in the most elegant environments such as museums, theaters, churches, trades, hall and showrooms.*

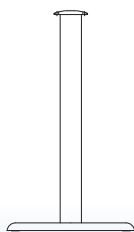

*String-GuideLine consists of a column, a highly stable convex base with an upper cap having 8 holes for safe and easy hooking of the chromed and polished spring catches.*

*At the upper end of the cap is a hole for optional fixtures such as flat message pockets or brochure pockets in transparent shockproof Plexiglas®*
