

COLONNINA A TECA / SHOWCASE COLUMN

Cupola-Stand

La colonnina Cupola-Stand è un elegante teca a cupola per l'esposizione di materiale fragile al riparo dalla polvere e da urti accidentali. Si colloca in vari luoghi, dai musei agli ambienti pubblici ai negozi alle esposizioni di modellismo e collezionismo. La struttura è realizzata da una colonna ed una base bombata di grande stabilità in metallo verniciato o cromato, da un disco di supporto e da una mezza sfera di materiale acrilico trasparente.

Cupola-Stand column is an elegant dome - shaped showcase for displaying fragile materiel by protecting them against dust and accidental knocks. It can be placed in different places, from museums to public environments, from shops to exposures for modelling and collecting. The structure is made of a column and a stable convex base in varnished metal or chrome, a supporting disc and a half-sphere made of transparent acrylic material
