

ESPOSITORE A COLONNA BIFACCIALE / DOUBLE-SIDED COLUMN DISPLAY STAND

T-Tree-Display

L'espositore a colonna T-Tree-Display è la naturale evoluzione ed espansione del prodotto BB-Display. Mantenendo costante l'interasse dei cavetti in acciaio inox, possono essere alloggiate le diverse combinazioni di formati, con tasche piatte portamessaggio in Plexiglas® antiurto trasparente con morsetti cromati. E' studiato e particolarmente indicato, per essere posto nelle immediate vicinanze di vetrine e simili spazi espositivi. La struttura è realizzata in alluminio e la base piana in metallo, il tutto verniciato color grigio goffrato metallizzato.

The column display stand T-Tree-Display is the natural evolution and expansion of the product BB-Display. By maintaining constant the distance between centers of the stainless steel wire ropes different format combinations can be placed with flat message pockets in transparent shockproof Plexiglas® with chrome clamps. It has been particularly designed to be displayed near a window or similar expositive space. The structure has been built in aluminium with a full metal base completely varnished in embossed metallic grey.
