

TASCA / POCKET

W

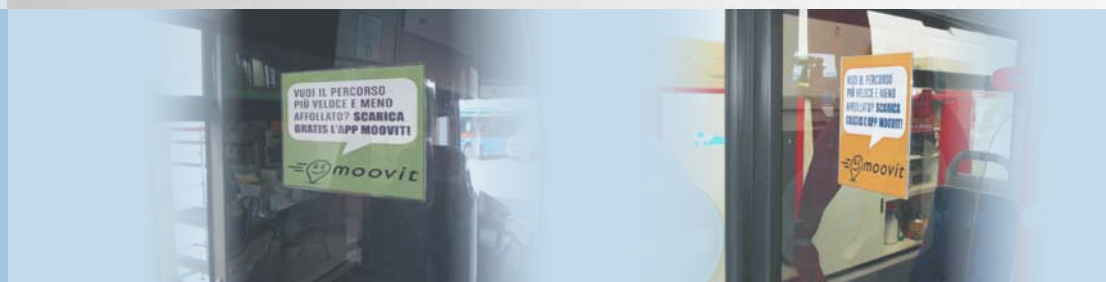

L'espositore W è una semplice tasca piatta in Plexiglas® antiurto trasparente concepita per un cambio rapido del messaggio.

Il fissaggio con appositi adesivi strutturali 3M è studiato per ogni tipo di supporto (vetro, legno, plastica, alluminio e metalli in genere) ed è indispensabile per evitarne la foratura.

The W is a simple pocket made of transparent shockproof Plexiglas®, designed for a quick message change. The W, which is fixed by means of special 3M structural adhesives, has been designed for any kind of support (glass, wood, plastic, aluminium and any kind of metal) and is indispensable when drilling is to be avoided.

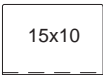

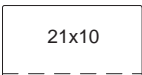

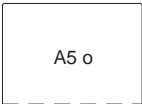

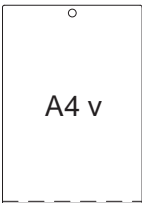

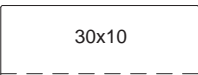

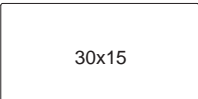

Grazie alla sua struttura e ai ganci laterali il cambio dei fogli al suo interno risulta semplice e veloce. *The construction of frame work and side hooks allows for rapid exchange of the inside sheets.*
