

TARGA COMBINATA / COMBINED PLATE

RAIL-TAPWS

La targa RAIL-TAPWS è un sistema combinato di targhe nelle varie dimensioni che vengono personalizzate con scritte stampate o incise. Costituita da 2 binari in alluminio anodizzato sul quale applicate, con borchie distanziali, le targhe TAPWS in Plexiglas® trasparente. (Vedi dimensioni disponibili).

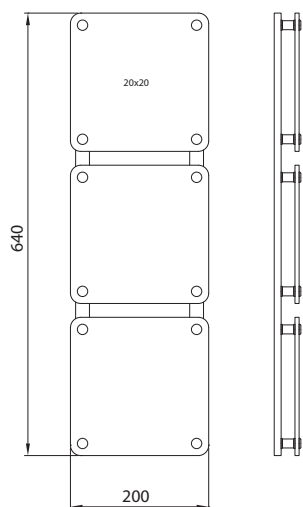

The RAIL-TAPWS combined plate system in different dimensions can be personalized with printed or carved writings. It is made of 2 anodized aluminum tracks, on which with movable knobs, the TAPWS plates in transparent Plexiglas® are applied, (see available sizes)
