

ESPOSITORE BIFACCIALE / DOUBLE-SIDED DISPLAY STAND

Expo-Totem

L'espositore Expo-Totem, semplice, stabile, autoportante e dalla forma non invadente, è specifico per la personalizzazione con pellicole adesive stampate. Può essere configurato con accessori come tasche piatte o tasche portadepliant in Plexiglas® antiurto trasparente.

La base è realizzata in metallo verniciata grigio gofrato metallizzato, il pannello può essere fornito in materiali diversi quali nobilitato o pvc s.e.

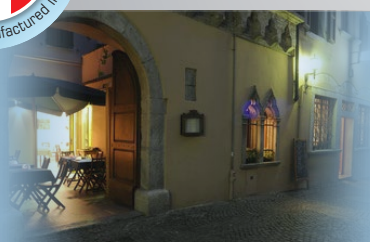

The metallic base is painted in metallic embossed grey and the panel can be supplied in different materials such as laminated wood or PVC s.e.

The Expo-Totem display stand, simple and stable, self-supporting non-invasive structure, is specifically designed for your personal requirements with printed adhesive films. Additional accessories such as flat pockets or brochure pockets in transparent shockproof Plexiglas® transform it into a multi-purpose design.

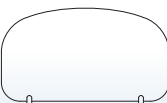

Possibilità di collocare porta blister di varie dimensioni. On request, the different sized blister holder can be placed on the structure.
