

TARGA LUMINOSA / LUMINOUS PLATE

Way-Finding-LED

Le targhe luminose Way-Finding-LED sono l'evoluzione della segnaletica tradizionale interna. La segnaletica luminosa a led ha un impatto notevole e una comunicazione efficace che rimane nella nostra mente. Le targhe Way Finding-LED in Plexiglas® trasparente con scritte stampate rese luminose dall'effetto dell'illuminazione tangenziale, vengono apprezzate per l'eleganza, la semplicità ed il design minimal, una rivoluzione nella segnaletica interna di musei, teatri, alberghi, cantine, cliniche ecc. Vengono fissate a muro mediante il profilo di alluminio in cui sono contenuti i led.

Way-Finding-LED luminous plates are the evolution of traditional indoor signs.

The LED light signage has a significant impact and efficient communication that remains in our minds. The plates Way Finding-LED in transparent Plexiglas® with printed lettering rendered bright by the effect of tangential lighting, are appreciated for the elegance, simplicity and minimal design, that's a revolution in the internal signage of museums, theaters, hotels, cellars, clinics etc.

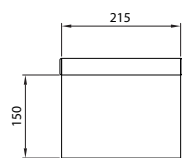

They are fixed to the wall by means of the aluminum profile in which the Leds are contained.
